### **American Board of Radiology Appoints Seven New Members to Its Diagnostic Radiology Maintenance of Certification Advisory Committee**

The American Board of Radiology is pleased to announce seven new appointments to its Diagnostic Radiology Maintenance of Certification (MOC) Advisory Committee. Formed in 2010, this committee assists the ABR by evaluating its MOC program from the participant's viewpoint, and by offering suggestions for improvement and enhanced user friendliness, while maintaining a program that is navigable for diplomates and ideally integrated into daily workflow. Each of these distinguished individuals will begin a three-year term on July 1, 2016, with the option for an additional three-year term thereafter.

**Christopher M. Fleener, MD**, is a diagnostic radiologist who is president of Advanced Medical Imaging Consultants in Fort Collins, Colorado. Dr. Fleener was a fellow at the Washington University School of Medicine, subspecialized in body/abdominal imaging at the Mallinckrodt Institute of Radiology in St. Louis, Missouri, and served his residency at the Maine Medical Center in Portland, Maine. He received his medical degree in 2000 from the University of Iowa's Roy J. & Lucille A. Carver College of Medicine, and he is listed on the Healthgrades Honor Roll.

**Christine M. Glastonbury, MBBS**, is a professor of clinical radiology, biomedical imaging, and otolaryngology at the University of California, San Francisco. She obtained an MBBS from the University of Adelaide, South Australia, in 1991 and completed a residency in diagnostic radiology at Royal Adelaide Hospital in Adelaide, Australia. She also finished a fellowship in general radiology at Hammersmith and Charing Cross Hospitals in London, with oncology radiology training at the Royal Marsden Hospital in Surrey, UK. She subsequently completed a two-year fellowship in neuroradiology, followed by a body MR fellowship, at the University of Utah in Salt Lake City. Dr. Glastonbury is the author of numerous publications.

**Joshua M. McDonald, MD**, specializes in musculoskeletal and abdominal/pelvic diagnostic radiology and has more than 15 years of experience in the field of medicine. He was a fellow at the Indiana University Medical Center and an intern at Iowa Methodist Medical Center, and he served his residency at the University of Iowa Hospitals and Clinics. Dr. McDonald received his medical degree from the University of Iowa College of Medicine in 2001. He is extensively involved in the American College of Radiology and Iowa Radiological Society.

Kansas-born **Edsa M. Negussie, MD**, is director of cardiac imaging services at Southfield Radiology Associates, PLLC, in Southfield, Michigan, where she has been the diagnostic radiology residency program director since July 2009. Dr. Negussie attended medical school at Addis Ababa University

Faculty of Medicine in Ethiopia, graduating in 1992. She completed a residence at Providence Hospital in Southfield, Michigan, and a fellowship in body imaging at the University of Michigan in 2002. Dr. Negussie has more than 13 years of experience in her field.

**Joshua P. Nickerson, MD**, is vice chair of education, Department of Radiology Residency Program director, and division chief of neuroradiology at the University of Vermont College of Medicine in Burlington. He served an internal medicine internship at Loma Linda University Medical Center and received a medical degree in 2005 from Loma Linda University School of Medicine. Dr. Nickerson completed a diagnostic radiology residency at the University of Vermont/Fletcher Allen Healthcare in 2010 and a neuroradiology fellowship at Johns Hopkins Hospital in 2011. He is the recipient of a Radiological Society of North America (RSNA) Roentgen Resident/Fellow Award and has authored numerous publications.

**Stephen F. Simoneaux, MD**, is pediatric radiology division director and associate professor of Radiology & Imaging sciences, and Pediatrics at Emory University School of Medicine in Atlanta, Georgia. Additionally, he is chief of radiology at Children's Healthcare of Atlanta. Dr. Simoneaux completed a residency in diagnostic radiology at Jackson Memorial Hospital/University of Miami and a fellowship in pediatric radiology at Emory University in Atlanta. He serves on numerous committees nationally for the Society for Pediatric Radiology and serves as chair of the Society of Chairs of Radiology at Children's Hospitals.

**Joshua G. Tice, MD**, is a graduate of Pennsylvania State University's College of Medicine in Hershey. Since 2012, he has been a diagnostic radiologist at West Reading Radiology Associates in West Reading. Dr. Tice served his internship at the National Naval Medical Center in Bethesda, Maryland. He completed his residency and a fellowship in musculoskeletal imaging at Penn State Hershey Medical Center in Hershey. He is a member of numerous professional societies and has a special interest in musculoskeletal and body imaging.

*Established in 1934, the mission of the American Board of Radiology (ABR) is to certify that our diplomates demonstrate the requisite knowledge, skill, and understanding of their disciplines to the benefit of patients. The ABR is one of 24 Member Boards of the American Board of Medical Specialties.*
